FULL PROGRAM

BASE 2025

BASE 2025 Day 1: Hall (A)

Chairpersons: Dr. Magie El Abbasy Dr. Doaa Ghaith Dr. Ahmed Mostafa

09:30
1h 00m

Updated guidelines in sepsis management

- Year in review: Bacterial resistance and antimicrobial therapy
□ Dr. Dina Hussein
- Updated guideline of intra-abdominal infection
□ Dr. Sameh Salem
- Management of adult sepsis in resource-limited settings
□ Dr. Adel El Ansary

Chairpersons: Dr. Mona Wasef Dr. Iman Elkholy Dr. Sameh Salem

10:30
1h 20m

How should we interpret Rapid diagnostics and biomarkers to guide sepsis management

- Practical Tips in Syndromic Blood PCR Interpretation
□ Dr. Ahmed Mukhtar
- How to Interpret the PCR CNS Panel?
□ Dr. Mostafa Al Fishawy
- Biomarkers to guide sepsis management from early recognition to antibiotic de-escalation
□ Dr. Khaled Sarhan

10m

12:00
30m

Coffee Break

Chairpersons: Dr. May Mehrez Dr. Lamiaa Elwakeel Dr. Hamdy Saber

12:30
1h 15m

How should we manage

- Difficult to treat Gram negative infection
□ Dr. Faryal Khamis
- Difficult to treat Gram positive infection
□ Dr. Mostafa Al Fishawy
- Global guideline for management of candidiasis
□ Dr. Jameela Al Salman

Chairperson: Dr. Adel El ansary

13:45
1h 00m

Meet an expert session

- Clinical Decision-Making Under Pressure: Empiric Therapy in the Age of Resistance
□ Dr. Francesco De Rossa

14:45
45m

Lunch-on symposium

Chairpersons: Dr. Mostafa Alfshawy Dr. Reem El Mesery Dr. Lobna Shalaby

15:30
1h 10m

Sepsis in transplant and immunosuppressed patients

- Sepsis in patients who are immunocompromised: diagnostic challenges
□ Dr. Jameela Al Salman
- How to optimize empiric antimicrobial therapy in febrile neutropenia (immunosuppressed patients)
□ Dr. Faryal Khamis
- Pulmonary imaging in immunocompromised patients
□ Dr. Ayman Farghaly

Chairpersons: Dr. Ahmed Mukhtar Dr. Mahmoud Al Alfy

16:40
45m

Meet an expert: How to manage infection in transplanted patient?

- Dr. Mostafa Al Fishawy

17:25 TOTAL LENGTH: 7h 55m

BASE 2025 Day 1: Hall (B)

12:30
30m

Podcast

 Dr. Ahmed Mokhtar

 Dr. Eslam Anani

Chairpersons: Dr. Amr Yassin Dr. Mohamed Hashish Dr. Ahmed Mahdy

15:15
1h 10m

The Hidden Danger: Sepsis in Mothers and Little One

- Maternal sepsis management guidelines
 - Dr. Mai Ali
- POCUS to monitor fluid therapy in pregnant patient
 - Dr. Mohamed Yaseen
- Hemodynamic management in pediatric septic shock
 - Dr. Mervat Mansour

5m

Chairpersons: Dr. Mohamed Ali Dr. Akram El Adawy Dr. Mohamed Abo Srei

16:30
1h 00m

Adjuvant in sepsis management

- Plasmapheresis in sepsis: does it have any role to change outcome.
 - Dr. Ahmed Lotfy
- Immunomodulation in sepsis: Current evidence and future perspective
 - Dr. Amr Hussein

17:30

TOTAL LENGTH: 2h 45m

BASE 2025 Day 2: Hall (A)

Chairpersons: Dr. Mohamed Arafa Dr. Ahmed Lotfy Dr. Dalia Salem

09:00
2h 00m

How do we manage MDR in our settings?

- Abukbeer general hospital
- New Giza University
- Ainshams University Hospitals
- Air Force Specialized Hospital
- Safa Hospital
- Damietta cardiology and gastroenterology center
- Ahl Masr Hospital
- Al-Zahraa University Hospital
- Wadi El Nile Hospital
- As-salam international hospital
- Cairo university hospitals
- Children Cancer Hospital Egypt 57357
- Dar Alfouad Hospital
- International Medical Center

Chairpersons: Dr. Ahmed Mukhtar Dr. Bassem Boules Dr. Naiven Helmy

11:00
30m

MBL & MDR: New Frontier for treatment

- ☐ Dr. Francesco De Rosa

11:30
45m

Panel Discussion session:
When Cultures fail: Navigating the Dilemma Of Culture-Negative sepsis

- Moderator ☐ Dr. Ahmed Mukhtar
- **Panelists**
- ☐ Dr. Basem Boules ☐ Dr. Maged Salah
- ☐ Dr. Doaa Gamal ☐ Dr. Akram Fayed

30m

12:45
30m

Coffee Break

Chairpersons: Dr. Sherin Shawky Dr. Nada Nawar Dr. Maha Gaafar

13:15
1h 10m

Practical tips in diagnostic stewardship

- Building and Utilizing Combined Antibiograms: A Practical Guide
☐ Dr. Mona Wasef
- Lateral Flow in the Fight Against MDR: A Practical Roadmap
☐ Dr. Doaa Ghaith
- New approaches for imaging bacterial .
☐ Dr. El Shaimaa Hussein

14:25

TOTAL LENGTH: 4h 55m

BASE 2025 Day 2: Hall (A)

Chairpersons: Dr. Ahmed sherif Dr. Lobna Shalaby Dr. Ahmed Khedr

14:25
1h 10m

**Elderly + Ortho
+ Sepsis: A
Critical
Intersection**

- Innovations in Diagnosing Orthopedic Infections:
A Focus on Pathogen Detection
☐ Dr. Moshira Hosni
- Antimicrobial therapy in orthopedic infection:
Traditional and Novel therapy
☐ Dr. Marwa Hussein
- When My Patient is 80 + : Navigating Septic Shock Management
☐ Dr. Adel Alaa

25m

16:15
45m

**Lunch-on
symposium**

SANDOZ

Chairpersons: Dr.Magdy Mamdouh Dr. Ashraf Nabil Dr. Ahmed Adel Dr. Mohamed Sedky

17:00
1h 40m

**Sepsis-induced
organ
dysfunction**

- Sepsis induced cardiogenic shock
☐ Dr. Khaled Toema
- Sepsis induced acute kidney injury: How to prevent, how to diagnose and how to treat
☐ Dr. Mohamed Elayashy
- Challenges in fluid resuscitation in septic patient with diastolic heart failure
☐ Dr. Mohamed El Guindy
- Optimizing fluid therapy during ECMO
☐ Dr. Akram AbdelBary

Moderators: Dr.Ahmed Mukhtar Dr. Adel Elansary Dr. Doaa Ghaith

18:45
1h 30m

Sepsis Competition

19:55 TOTAL LENGTH: 10h 55m

BASE 2025 Day 2: Hall (B)

Chairpersons: Dr. Wagdy Amin Dr. Mohamed Hassan Dr. Mohamed El Gammal Dr. Khaled Hussen

09:30
1h 10m

Pneumonia update: How to prevent, how to diagnose, how to treat

- Pulmonary imaging in immunocompetent patient
□ Dr. Heba Assal
- Prevention of VAP: updated guideline
□ Dr. Hanaa El Guindy
- Recent update in pneumonia management.
□ Dr. Yasser Mostafa

Chairpersons: Dr. Hanan Mostafa Dr. Maha Gamil Dr. Sahar Badawy

10:40
2h 0m

Critical Care Nutrition in Sepsis: From admission to recovery

- Patient selection and timing tips while prescribing enteral feeding for critically ill patient
□ Dr. Amr AbdelMenem
- Rationale for cholesterol supplementation in sepsis
□ Dr. Angy Magdi
- Nutrition therapy for prevention and treatment of post intensive care syndrome
□ Dr. Olfat shaker
- FAQ of nutrition in septic shock
□ Dr. Heba Omar
- Nutrition in burn septic patient
□ Dr. Hagar Saied

5m

12:45
30m

Coffee Break

Chairpersons: Dr. Mai Ahmed Dr. Ahmed Monier Dr. Mohamed Hussein

13:15
45m

Obesity and Infection: A Double Threat to Survival

- Obesity and infectious disease: double pandemic
□ Dr. Hanan Mostafa
- Challenges of managing sepsis in obese patient
□ Dr. Sameh Abdulatif

Chairpersons: Dr. Gihan El kholy Dr. Gehan Fahmy Dr. Maha Gad Dr. Noha El Mashad

14:00
1h 40m

From Myths to Modern Tools: Evolving Strategies in Infection Prevention and Control

- Facts and myths about chlorhexidine
□ Dr. Mervat Gaber
- Antibiotic prophylaxis in surgical patients : from guidelines to daily practice
□ Dr. Ahmed Hasanin
- Fighting infection strategies in low resource settings
□ Dr. Omnia El Nabawy
- Rapid diagnostics for infection control
□ Dr. Amany Elkholy

20m

16:00
45m

Lunch on symposium

16:45 TOTAL LENGTH: 7h 15m
